LANGUAGE & CULTURE PROJECT

The objective is to assist migrants or refugees to better use the English language and understand the local culture thus enabling a more independent and positive contribution to local society. It requires volunteers allocating 1-2 hours per week

Volunteers (and Rotarians are ideal) do not require teaching skills, although a training course will be run before working with migrants/refugees on a one-to-one basis.

If you are interested, please contact Ian Willetts, 021 811822 who is leading the project.

RECYCLING JARS & SHOPPING BAGS
