SPEAKERS on 2 May Jada MacFie and Joanna Brain are to speak on the Tamaki Regeneration Project. This Project concerns the suburbs currently named Glen Innes (Northwest, Central and Northeast), Pt England and Panmure (North and Central) and the Employment Precinct. Seven neighbourhoods are defined as represented, each having its own plan and design for homes, streets, the natural environment, infrastructure upgrades and business districts. 2500 public homes will transform into 10,500 private market homes

Note from Pres. Ian --NEW WASHER AND DRYER GIFTED

Our club was delighted to recently supply a new commercial grade washer and dryer for a local Glen Innes community trust. **The Island Child Charitable Trust** is an organisation based in Glen Innes and founded by Danielle Bergin in 2005.(Danielle spoke to our club last year.)

Their Mission is to provide shelter care and support and identify opportunities for families experiencing a housing crisis.

The Trust provides transitional housing and a 12-week residential programme.At any one time the Trust can host approximately 74 people across their properties.They work with single parent and two parent families and adults.

In addition to the key role of temporary housing providers , the Trust runs a programme which includes:

- *A personalised plan for the future.(following say a health or relationship breakdown)
- *Enhancing life skills e.g., cooking, budgeting, shopping, parenting.

Suggesting coping strategies for dealing with problems such as isolation, anxiety, addiction.

- *Becoming more active in the community
- * Helping turn aspirations into achievable goals

The Trust is focused on helping their resident's on how to overcome adversity and we were delighted to assist this great but low-key local community group. All thanks to Danielle Bergin.

For a profile of the Island Children Charitable Trust go to <http://www.islandchild.org.nz> and at a later date we are invited to join Danielle on site for a "cuppa"
